COUNTY OF SACRAMENTO AGREEMENT NO. # _____

AGREEMENT

THIS AGREEMENT is made and entered into as of this 10th day of Oct, 2004, between the COUNTY OF SACRAMENTO, a political subdivision of the State of California, hereinafter referred to as "COUNTY", and THE CITY OF GALT, a municipal corporation of the State of California (hereinafter referred to as "CITY").

RECITALS

WHEREAS, the timely response to and proper management of incidents involving the intentional or unintentional release of hazardous materials are critical to the protection of human health and the environment; and

WHEREAS, the proper management and control of responses to emergency incidents involving hazardous materials requires highly specialized training, equipment, supplies, communications and other resources in order to provide adequate protection for the health and safety of the public and emergency response personnel; and

WHEREAS, COUNTY has entered into contractual agreements with the Sacramento Fire Department and the Sacramento Metropolitan Fire District, hereafter referred to as "CONTRACTORS" to provide hazardous materials response teams (hereinafter called "HAZ-MAT TEAM"), with specialized apparatus, equipment and capabilities; and

WHEREAS, the cost of establishing and maintaining a hazardous materials response team capability is so expensive and occurrence of emergency response incidents requiring the specialized expertise of a hazardous materials response team has increased so significantly that the CITY has determined that it would be more economical, feasible and appropriate to utilize the services of the HAZ-MAT TEAM available from the COUNTY through its contractual agreements with CONTRACTORS rather than to develop and maintain duplicate response teams; and
